Nearly All Stocks Show Substantial Gains-The Local Business Week Is Begun in Good Form.

At New York yesterday money on call

Prime mercantile paper, 3%@4% per cent. Sterling exchange was firm, with actual

business in bankers' bills at \$4.87% for demand and \$4.83\\@4.83\\ for sixty days; posted rates, \$4.84@4.841/2 and \$4.88; commercial bills, \$4.8234@4.8314.

Silver certificates were 641/2@651/2c; bar silver, 63%c; Mexican dollars, 49%c. Bar silver at London was 29 1-16d an ounce.

The complete recovery of the New York stock market from the rather alarming weakness shown during the early hours of the trading yesterday morning was an astounding demonstration of recuperative force. The speculative liquidation at the opening was so violent as to give an appearance of semi-demoralization in the market and the selling was evidently forced by the wiping out of margins and the uncovering of stop-loss orders. Yet before the day closed the general level of prices had risen above Saturday and the last hour showed an urgent and confident buying movement on the floor. The early weakwas the logical sequence of week and the general apprehension that a further reaction was inevitable. In a market in which extensive long accounts exist this means that brokers, in order to protect themselves, call for additional security from their customers for the ex- try roads are rough and getting about, off the tension of margins. This discloses many supply further margins and who order the sale of their holdings, either to take what profits are left or to save losses. This purely technical influence in the market was reinforced this morning by the feeling of depression, common to all the securities markets of the world, over the approaching death of Queen Victoria. The death of | ket is active with prices steady. Eggs and poulthe Queen is not likely to have a direct | try are firm but butter is weak. The hide marinfluence on values of securities, either here | ket continues dull, but leather is active at unor abroad, but capital, always apprehensive over a change in the order of things. expressed itself by the selling of securities. In the opening break in prices such declines were witnessed as 2% in St. Paul, in Pennsylvania, 3 in Northern Pacific. in Amalgamated Copper, from 1 to 3 points in the steel stocks and 1 to 2 points in the principal active stocks all through the list. The first element in the raily was the unwieldy short interest which stood eagerly waiting to take profits by buying stocks at the decline. There was an innuential section of the market, also, which the list. The first element in the raily was fluential section of the market, also, which refused to yield to the depression. Misouri Pacific began with a gain of only Oats-No. 2 white, 27c; No. 3 white, 26c; No. 4 and was marked up to a level 2 mixed, 25c; No. 3 mixed, 24c. souri Pacific began with a gain of only substantially above Saturday's and held throughout the day. In the dealings it rose buoyantly to 90%, which was 51/2 above the early low point. The traders followed the movement in the belief that the last buying of the stock came from sources which have been credited for some time past with plans for taking over and consolidating the Southwestern railroad systems. That whole group was firm throughout the day and the Wabash issues shared quite fully in the strength of Missouri Pacific. Wabash common rose 2%, the preferred 4% and the lebentures 414. The character of the buying in other parts of the list gave the traders ground for the supposition that a renewed absorption of stocks was going on by the powerful banking and financial

interests which were buyers of important

stocks before the many recent rumors of

vast consolidation gained currency. This

caused a fight among the shorts and in at-

tempting to get back stocks sold earlier

they caused prices to advance very gen-

erally above Saturday's level. In St. Paul

the rally was 4% points, in Amalgamated

Copper 5%. in the local tractions from 2%

rest of the market and Pressed Steel Car extended its loss to 54 points after the general market had turned upward. The closing was firm and at about the best prices of the day.

Rallroad bonds were easier until the large demand developed for Wabash debentures, when they became irregular. Total sales, at par value, were \$5,405,000. United States refunding twos advanced 1/8 per cent. on the last call. Following are the day's share sales and

> two of contract grade. The amount on ocean passage showed an increase of 416,-Corn was moderately active, but the range was narrow. The market early followed wheat closely, but the pace later became too fast and the market settled back almost entirely on an independent basis. The news was hardly as favorable for the coarser grain as for wheat. Cables were easy, receipts graded better and the visible increased 1,111,000 bu. Shorts were the best buyers early, and the trade, generally speaking, was in local hands all day. Receipts were 548 cars. May sold between 38%c and 39@39%c, and closed firm, %c

higher, at 38%@39c. Oats were moderately active. The market felt the wheat strength, but during the afternoon eased off on selling credited to an influential operator. Receipts were 290 cars. May sold between 251/4@25%c and 25c, and closed unchanged at 25c. The tendency in the provisions market was easier. Hog receipts were under the estimate, but the prices at the yards, nevertheless, were weak and this was reflected by a decline in provisions at the opening. Buying by a prominent speculator caused a rally later, but it was not supported and the close was easy. May pork sold between \$14.10@14.12½ and \$13.90, and at 4.17½c; spelter dull and lower at 3.87½c, sell closed 21/2c lower, at \$13.921/2; May lard, ers. between \$7.50 and \$7.421/2, closing 21/2c down. at \$7.421/2, and May ribs between \$7.10 and \$7.021/2, with the close depressed at \$7.05.

A Chinese Puzzle at Malone.

MALONE, N. Y., Jan. 21.-The Chinese puzzle, in which some of the government and local officials in Malone are taking a hand, is still unsolved. Saturday sixteen Chinamen arrived on the border and George Wilson, a constable, arrested them. Chinese Inspector Ketchum demanded the custody of the prisoners which was refused. They were brought to Malone and lodged in iall, On Monday Mr. Wilson took the Chinamen before Commissioner Paddock who remanded them to jail for examina-tion. It is understood this will be made a test case regarding the rights of the
